LOSING FIGHTS

There are too many people in the world who think it a sign of independence and man or womanhood to cultivate a "high temper." The man who is willing to fight at the drop of the hat thinks he is doing the right thing and is proud of the fact that he can be irritated to the point of fighting by little more or less than nothing. A high temper is not to be cultivated. The man who has self-control enough to control his temper even when he is irritated to a point where he wants to whip a man (and maybe the man is small enough to be an easy victim,) is the man who wins. Turn two bulls loose in a field and the first thing they do is to rush into an encounter. Two tom cats will put on the same stunt. Self control is unknown to these animals. Man was given a brain to control his animalism. If he does not do it, he loses. Very few men win much in a fist-fight even if they pummell the other fellow. Someone has said that, "He that controlleth his temper is greater than he that taketh a city." If not quoted verbatim, this is at least the spirit of the quotation. The greater a man's self-control, the farther he gets away from the tantrums of his simian ancestors. There are some fights, fights for principles or for the common good, of the cause that can be condoned. Fights that results from uncontrolled temper or inebriety are always losing fights. Both the individual and the community are loser by these.

IN MEXICO

Nothing seems settled except more trouble and confusion. Villa is in cahoots with another Gen. to oust Carranza and every other aspirant for honors.

The engineering department of the U. of M. has offered its services to send engineers to advise with places having electric light plants which for any reason are not coming up to expectation. The job is to increase the efficiency of plants.

Looking for One

The city papers which often poke fun at a country newspaper which prints a statement that, "Jake Smith was in town Thursday," often print interviews on big subjects given out by some half-baked girl who happens to be on a stage. One of these is printed recently in the Kansas City Star, taken from another paper in which a Miss Grace Valentine playing lead in a theatrical company, gave forth a scintillation on marriage. She says when she marries she never will quit the stage and give up her work. She says, "Does a man give up his work for the work for the woman he marries?" Anyone who can read will see the joke of this brilliant saying. And, many interviews of these women are equally bright. Any woman who marries a man would be most terribly disillusioned if her husband quit his job when he married, did nothing. Probably Miss Valentine can find plenty of men who will marry her and who will be willing to quit their jobs and let her continue her work at so much per.

Can Replace Men.

An insurance actuary who is at the head of a commission appointed by the big insurance companies to investigate the risks of all the countries of the world, and which commission is on a job that will require three and a half years to complete, finds that while the losses of Russia by war have been 500,000 or half million people, Russia could replace these men in 10 years or less by the simple prohibition of making and sale of vodka. The commission finds that mortality in Russia to the extend of 50,000 or more per years is due to alcoholism.

Missouri Crops for 1914

The Missouri farmers grew 42,000,000 more bushels of corn in 1914 than in 1913, the crop amounting to 175 million bushels. All products of the farm would have a sale value of 500 million or half a billion dollars. Corn has the biggest credit with a value of a little better than 115 millions. The average yield per acre through the state was 23.6 bushels. The wheat yield was 17.1 bu per acre average with a value with a value of \$37,000,000.

The Triplett K. of P. visited Salisbury last week and took two candidates to give the work of the order.

Bothering Congress Again

It is reported that Prohibitionists and Woman suffragists are besieging Congress again with their fads and urging the submission of the questions with a view to National instead of State affairs. It is also said that Missouri congressmen favor the idea with the exception of a few, among whom is Hon. W. W. Rucker. He is not quoted as being committed either way.

Why any representative from this state would hesitate for a moment to oppose any such legislation, in view of the attitude of the state as clearly indicated by the vote on prohibition and later on the suffrage amendment, is beyond our understanding. In 1910 the question of prohibition was voted on and resulted in 207,281 for and 425,426 against, more than two to one against. Last fall the suffrage amendment went the same route, and everything considered, just as decisively. It would be misnaming congressmen who set up their private views against that of their states to refer to them as representatives. It is no palliation or excuse for the offence of one or many of the congressman from this state living in districts favoring prohibition or suffrage, should he or they support the Hobson bill, as such will clearly understand later on.

Letter To Santa Clause.

The Courier had decided to not print any letters to Santa but when this one arrived, all good resolutions in this respect were forthwith broken;

Richmond Mo.,
December 13, 1914.

Dear Santa Clause;—
I am a little boy living in the Ozarks a monkst the Rocks I am going to school I take care of the sheep for papa I wish you would bring me some thing nice and bring papa a plug of tobacco and bring my two sisters something to and dont forget mother,
Yours Samuel Smith.
Richland Mo.

Route 2.

P. S. Oh yes please bring Aunt Sarah Eliotta man.

Animal Judging Contents.

There is to be a corn judging contents at the M. U. commencing January 4. There also is to be a stock judging contest and medals will be awarded those making the highest scores judging horses, cattle, hogs, and sheep. Special courses are to be given in poultry raising, also. In addition, shop workman cutting, animal husbandry, veterinary surgery and other courses are taught.

There has been a sharp advance in wheat this week and the prospect is than it will go higher all the time to next May.

Probate Court News.

In the estate of M. A. Prather, Mrs. Malinda F. Prather presents a claim of \$13,512.24, consisting of three notes and one check. Tillie Chilcott is appointed administrator pro tem to make collection and claims are allowed.

In the estate of the late J. L. Cunningham transfer has been made by Elizabeth Cunningham, g & 2 of James and Leota Cunningham, or a half interest in a ease of Kansas City hotel property in exchange for \$12,000 of bonds in American Debenture Corporation of Oklahoma City Oklahoma.

The court ordered distribution of balance of \$605.28 in the John W. Rodgers estate.

In the Rebecca Douglass estate the sum of \$3080 was subject to an inheritance tax of a \$159.98.

In the Louis Westhoff estate, Joseph Westhoff was appointed administrator with bond of \$4000 signed by J. H. Westhoff and J. W. Wayland. H. Weber and H. Strothman were appointed to inventory the estate.

Had Them Rattled

Judge Divebliss of Ray county who made the tax-dodgers nervous in Ray or Carroll counties is causing the hair to stand up on the beans of the Moberly tax-dodgers. He is only presiding at the circuit court this week instead of Judge Waller and will not call a special grand jury to investigate the many iniquities of Randolph county, so the law violators, sports, neoromancers, tax-dodgers and fortune-tellers need not suffer with cold chills.

Former Missourian Elevated.

John H. McCracken, one time at the head of the College at Fayette has been elected president of the Lafayette College in New York. His brother, Henry N. McCracken 34 years old, has been placed at the head of Vassar College and his father is chancellor emeritus of the New York University.

Hog Lost.

Red Sow weight 200 good condition lost last week. Reward. N. F. Brewer.

Trustee's Sale

Notice is hereby given that on Tuesday the 12th day of January 1915, between the hours of nine o'clock A. M. and 5 o'clock P. M. at the front door of the United States Post Office in the town of Sumner, Chariton County, Missouri, I, as trustee under a deed of trust dated November 21st 1912, and recorded in Book 41, at page 39 of the records in the recorder of deeds office of Chariton County at Keytesville, Missouri, and signed by Thomas E. Donovan and Hiram W. Ballew, (both single and unmarried) and executed to myself as Trustee to secure a note for Fifty-one Hundred and Fifty Dollars (\$5150.00) as there-in described, the annual interest, on which note is now delinquent due and unpaid, thereby making the whole of said note due and payable, will at the request of the legal holder thereof, sell for cash to the highest bidder the real estate therein described, to wit: The North-east Quarter (N. E. 1-4) of Section Number Nine (9) in Township Number Fifty-five (55) North of Range number Twenty-one (21) West in Chariton county, Missouri; for the purpose of satisfying said indebtedness and costs.

(45-50) John W. Thorn,
Trustee.

First Publication December 11th. 1914.

Protect Your Food

There is no alum in Dr. Price's Cream Baking Powder. The names of its ingredients, printed on the label of every can, show it to be made from Cream of Tartar, which comes from grapes. No alum baking powder or food containing alum is permitted to be sold in England. To avoid alum read the label and use only

DR. PRICE'S
CREAM
BAKING POWDER

Made from Cream of Tartar No Alum

The second annual show of the Chariton county Poultry Association goes next year to Salisbury with dates, December 23 - 4 - 5.

Croup

"When my boy, Ray, was small he was subject to croup, and I was always alarmed at such times. Chamberlain's Cough Remedy proved far better than any other for this trouble. It always relieved him quickly. I am never without it in the house for I know it is a positive cure for croup," writes Mrs. W. R. McClain, Blairsville, Pa. For sale by all dealers.

SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After A Few Doses Are Taken

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles, is to remove the cause.

The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and cleans out and strengthens the stopped up, lifeless kidneys so they filter and sift all the poisons from

the blood, and drive it out of the system.

So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results.

You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.

A Victrola settles the Christmas question

"What to give?" is best answered by a Victrola. It is the ideal gift as well as the ideal musical instrument.

We have the proof right here—the

Victrola itself. Come in and see and hear the different styles—\$15 to \$200. Victors \$10 to \$100. Terms to suit your convenience, if desired.
